1 - "Pos" column indicates current team ranking

2 - "Prev" column indicates team ranking before the most recent race weekend

3 - "Team" column displays the Team's name

4 - "Individual Point Averages" columns show each team member and their current average.

IPA is calculated by dividing total points by number of races started.

5 - "Handicap" column displays the current Team Handicap

Team handicap is calculated by subtracting all five member's IPA from a theoretical perfect score of 60.

6 - "Points" column indicates the team's current handicapped score.

Points are calculated by adding the team's handicap to their total score for each race.

7 - "Behind" column indicates the difference between the team's score and the leading team's score.
